

Harmoni Heating Mat 100W/150W/200W

The Harmoni underfloor heating mat has a self-adhesive fibreglass backing mesh with a pre-attached ultra-thin twin conductor 3mm heating cable, ensuring minimal increase to the existing floor height. The function of the matting system is to provide a warm floor. Superior product design ensures a speedy installation with an even heat across the complete floor surface, whilst allowing unlimited adjustment of the heating element to suit irregular formats.

The Harmoni lifetime warranty ensures your product gives you a lifetime of trouble-free use and is guaranteed against manufacturer defects for the lifetime of the initial floor covering.

The installer warranty guarantees if you damage your Harmoni product before your finished floor surface is installed, we will replace it with an equivalent product free of charge.

FEATURES
